

The diagram shows two rows of boxes. The top row has two groups of five boxes each, representing the number 10. The bottom row has two groups of two boxes each, followed by a group of three boxes, representing the number 5. A vertical line connects the first group of five boxes in the top row to the first group of two boxes in the bottom row. Another vertical line connects the second group of five boxes in the top row to the second group of two boxes and the group of three boxes in the bottom row.
